MYSTERIOUS ADVENTURE #1

ARROW OF DEATH [redacted]

by Brian Howarth

It started with a case of appendicitis last weekend. Once the pain started it dragged on and on until I could hardly remember what life was like before the pain. Gone were the sociable times, the dark cool ale on the hearth — gone. A strange loneliness began to manifest itself in the people who, I knew, called friends and accomplished much to know. An ill feeling was spreading like a cancer through society that none were unfortunate enough to be infected.

So, I suppose, was the feeling that the King had been forced to leave [redacted] this island and seek refuge elsewhere in his own country. He left with a retaining force of men in the hope that their presence in the area [redacted] Zanthe in the palace and to attempt to [redacted] the evil. As yet I have not been [redacted] through the dark night vow [redacted] to relieve [redacted] abandoned dread.

ARROW OF DEATH part 1 is the first in the series of **MYSTERY QUEST ADVENTURES** by English author Brian Howarth to be published by Acorn Software Products. Although we plan to have parts might it is contained so that the player can fully enjoy solving one without the necessity of waiting for the next.

An amazing introduction to the series, ARROW OF DEATH is a machine adequate program in the classic adventure style. The sophisticated adventurer will find the commands and responses rather limited but the [redacted] while the newcomer will quickly become addicted to the challenge.

- Sixty locations to visit; 30 objects to manipulate; 30 puzzles to solve.
- "Save" feature
- Machine language program in classic adventure format
